

Your Photo Day!

1: Get rest the night before

2: Practice your Smile

3: Dont rush your morning routine

4: Relax!

Our Staff is trained to unlock those GREAT smiles, but they come from you. Most schools dont allow hats or headgear unless it is for religious or medical reasons.

We use REAL Old Master backgrounds! This is why parents LOVE our images, they are real and not photo-shopped from a Green Screen background. A true photo of your student that will be timeless!

Best clothing is what makes you comfortable, but please refrain from low cut tops, tank tops or cut off sleeves. These are your yearbook photos and you want to look awesome! Many schools have a dress code, please refer to your local school to learn more.

We look forward to seeing your smile on photo day-- remember-- it comes from you and we will capture it!
